## FRESH OUTBREAK PLANNED

Carnival of Murder That Will Outlive the Boxer Uprising Now Regarded Imminent—Edicts Commanding Reform Are Secretly Countermanded by the Lady on the Dragon Throne.

Victoria, B. C., March 6.—According to advices received from Peking, a carnival of murder, exceeding the Boxer outbreak, is regarded by many as imminent. Correspondents of Chinese papers at Peking are sending columns telling of the duplicity of the empress dowager and of the threatened outbreak. The North China Daily News, one of the best informed journals of the East, has received advices that the empress dowager and Yung Lu, the grand chancellor, are known to be aiding the movement of Tung Fu Hsiang in Kansu, and on the authority of a Chinese "of high rank" at Peking, a Shanghai paper says that while the empress dowager is issuing edicts commanding reforms on Western lines and pretending to initiate reform, she is secretly sending instructions to viceroys prohibiting the inauguration of foreign methods in their institution. She is also said to be sending notifications to some viceroys that Tung Fu Hsiang is to be aided in marching his army to Peking to escort Pu Chun, son of Prince Chun, and ex-her apparent to the throne. On their arrival Kwang Hsu, the present emperor, is to be made away with.

## THE NEW SHAMROCK.

Lipton Very Confident She Will "Lift" the America's Cup.

Glasgow, March 6.—Sir Thomas Lipton was interviewed by the Associated Press correspondent after Sir Thomas had made an inspection of the America's cup challenger. He said that everything was practically ready to launch Shamrock III. at 1:30 on the afternoon of St. Patrick's day, when a general holiday would be declared in Dunbarton.

Sir Thomas said his conviction that he had the cup "lifted" grows and increases every time he sees the Shamrock III, and he was pleased to find that his opinion was shared by those who were considered to be good judges.

Designer Watson said that he was satisfied that the new boat will prove a decided advance on anything they have yet produced and will be able to give a considerable time allowance to Shamrock II. Designer Fife, who is generally reticent in his opinions, admitted that the Shamrock III. would be the prettiest boat ever sent across the Atlantic.

## WORK BEING RUSHED.

New Syndicate Yacht at Herreshoffs Rapidly Nearing Completion.

Bristol, R. I., March 6.—Work on the new syndicate ninety-foot yacht at the Herreshoffs is being rushed to the extreme limit and the launching, it is now believed, is scheduled for April 11. Early in the year the steel workers were informed that each man would receive a bonus of 5 per cent of his wages provided the yacht was com-

pleted before April 15, but during the day they were told that the amount would be increased to 15 per cent if the work were finished a few days earlier.

## SANKEY IS STRICKEN.

Famous Evangelist and Song Writer Goes Blind.

Newcastle, Pa., March 6.—Charles C. Sankey of this city has just received word that his cousin, Ira D. Sankey, the world famous evangelist, has been stricken blind at his home in Brooklyn, N. Y. Mr. Sankey was born and reared here and is well known. Several months ago his sight began to fail and treatment of noted experts failed to help him. The trouble came from a cold which settled in his eyes. It is announced that his sight may be returned after prolonged treatment.

At Mr. Sankey's residence in Brooklyn members of his family deny that he had become blind. It was said that Mr. Sankey had been in ill health for about two months owing to an attack of nervous prostration, but that his condition was improved.

## MRS. STANLEY DIES.

She and Major Hurd Succumb to Fumes of Defective Stove.

Denver, March 6.—Mrs. Georgia Stanley, the aged woman who was found unconscious beside the dead body of Major Marshall F. Hurd, for whom she had acted as housekeeper, died at night without regaining consciousness. An autopsy revealed the fact that death was due to asphyxiation from the fumes of a defective coal stove.

Mrs. Stanley's family history is not positively known here, although from statements she made to friends during her residence in Denver, she is supposed to be a half-sister to Sir James Grant, a distinguished physician of Toronto, Canada.

## REED SMOOT IS SWORN IN

No Objection Raised When Name of Utah Man Is Called—Gorman of Maryland Receives an Ovation—Mr. Cannon's Speech in the House on Wednesday Draws Fervid Remarks From Mr. Tillman.

Washington, March 6.—In obedience to the president's proclamation, the senate of the Fifty-eighth congress convened in extra-ordinary session at noon. An immense crowd witnessed the interesting ceremonies. Echoes of the Fifty-seventh congress had not died away when President Pro Tem. Frye called the body to order and soon thereafter the senators who were re-elected and those who were to take their seats for the first time, with the exception of Mr. Gorman, who had seen long service in the senate, were sworn in Friends and admirers of the senators loaded down their desks with beautiful floral tributes. One of the features of the opening ceremony was the ovation accorded Mr. Gorman.

During the swearing in of the new senators the proceedings were frequently interrupted by applause in the galleries. Mr. Gorman received an ovation when his name was called. No objection was made when Mr. Smoot's name was called. He received some applause from the galleries.

Mr. Cannon's speech in the house of representatives early Wednesday morning in presenting the conference report on general deficiency bill in which he charged that the senate conferees had resorted to

and attacked the rules of the senate, formed the subject of some fervid remarks by Mr. Tillman and by the senate conferees, Messrs. Hale, Allison and Teller.

The message from the president giving his reasons for calling the senate in extraordinary session was read.

On motion of Mr. Cullom, the senate at 3:10 went into executive session and at 3:15 adjourned until Monday.

The business of the executive session consisted in referring all the treaties before the senate to the committee on foreign relations and in referring the nominations sent in during the day to the committee which will pass on them. The committee on foreign relations will meet Saturday for the purpose of considering the treaties, and Senator Cullom, the chairman, expressed confidence that the committee will be able to report all of them back after one sitting.

## MAKE UNITED EFFORT.

## NEW FAST MAIL TRAIN.

St. Paul Road Will Put One on Between Chicago and Twin Cities.

Chicago, March 6.—Announcement has been made by the St. Paul officials that a new mail train will be put in service next Sunday from the Twin Cities to Chicago, one way. The purpose of the new train is to connect with the new fast mail train which has been put on by the Great Northern, cutting the time between the Twin Cities and the coast by four hours. The St. Paul train will leave St. Paul at 11 p. m. ten minutes after the arrival of the Great Northern's fast train, and will arrive in Chicago at 11:55 a. m. The St. Paul now has a train which serves as a connection north and westbound for the Great Northern's new train.

## Large Sum for Wisconsin.

Washington, March 6.—The secretary of the treasury during the day drew warrants in favor of several states in payment of old claims for money advanced for raising volunteers in the Civil war and for interest on loans negotiated by the states for this purpose. Wisconsin received \$158,677.

## MINNESOTA AND IDAHO.

Battleships to Be Named After Two Northwestern States.

Washington, March 6.—Secretary Moody has reached a decision as to the states after which the five battleships provided for in the new naval law shall be named. The three 16,000-ton battleships are to be named Vermont, Kansas and Minnesota, and the 12,000-ton vessels Mississippi and Idaho.

The secretary in his next annual report expects to discuss the subject of the names to be given new battleships. He is anxious that the names of such historic vessels as the Cumberland, the Merrimac and the Constitution shall be perpetuated in the new navy and he will recommend that congress provide for this in the next naval law. Under the present law it is stipulated that all battleships shall be named after the states of the union.

That no time is to be lost in the construction of the new ships is evident from action of the secretary in directing the general board to prepare their circulars for the 16,000-ton ships, which are to be of the Connecticut and Tennessee class. As there are no 12,000-ton ships on the naval lists, it will take longer to prepare the plans and specifications for the Mississippi and Idaho.

## SOLID GOLD INVITATION.

Black Hills Mining Congress Extends One to President Roosevelt.

Washington, March 6.—A solid gold invitation was presented to President Roosevelt during the day to attend the Black Hills mining congress, which is to be held at Deadwood and Lead, S. D., next September. Senators Gamble and Kittredge and Representatives Martin and Burke made the presentation. The invitation was inscribed on a gold plate, three inches, by six inches, and an eighth of an inch in thickness.

Representative Martin, who presented the invitation, recalled that a similar invitation had been presented to the late President McKinley. "Gold is so abundant in our state," said he, "that we make many of our invitations in this form."

President Roosevelt expressed his pleasure at the receipt of so beautiful an invitation and at the honor done him by the mining congress, but thought it doubtful whether he would be able to accept it.

## RAISE DEFENSE FUND.

Iowa Mine Workers Take Action on Four Different Subjects.

Des Moines, Ia., March 6.—The state convention of the United Mine Workers during the day took action of four much debated subjects. It was decided to raise a defense fund, to establish a system of co-operative stores, to raise the salaries of the president and secretary-treasurer from \$75 to \$100 a month and to affiliate with the state federation of labor. Beginning August 1, an assessment of 1 per cent on the gross earnings of members will be made for a defense fund and it is expected to raise \$50,000 before the assembling of the next state convention. Stock in the co-operative store companies will be sold in shares of \$10 to miners only, no one man to hold more than ten shares. Stores are to be established in each mining community to relieve miners from the necessity of trading at company stores.

## TWO FATALLY WOUNDED.

Burglar Gashes the Faces of Victims With a Hatchet.

Birmingham, Ala., March 6.—Mr. and Mrs. J. C. Dickerson, prominent citizens of Jasper county, were fatally wounded by a burglar early in the day near Cordova and their home was robbed of all its valuables.

The weapon used was a hatchet and the burglar inflicted deep gashes on the faces of his victims. Mr. Dickerson's five-year-old daughter notified the neighbors of the tragedy, and when they arrived at the house the man and woman were lying unconscious on a bed splashed with blood. The hatchet was near by. There is no clue as to the identity of the robber, though possses have been organized and are making every possible effort to capture the guilty man. Henry Walker, a negro, is being held on suspicion.

## MOTHER AND DAUGHTER DEAD.

Perish in an Apartment House Fire in New York.

New York, March 6.—Ellen Vail, fifty-five years old, and Elizabeth Vail, twenty-two years old, her daughter, met death in a fire in East Seventieth street. The older woman was suffocated and the younger jumped from the fourth floor. The property loss by the fire was small.

James Vail, the son of the older woman, was the only one of the family who escaped. He had tried to rescue his mother and sister, but was cut off by the flames and forced to run to the rear fire escapes to save his own life. The ten families in the house, numbering one hundred people, became panic stricken from the fire.

## SITUATION UNCHANGED.

No New Development in Wabash Strike.

St. Louis, March 6.—No change in the Wabash situation developed during the day. President Ramsey has nothing new to report, saying that all his force was at work as usual and that the matter of a strike was now up to the United States courts. Some progress was made by the union leaders, who have secured an associate counsel E. N. Judson, a prominent attorney of this city, to aid their lawyers, Messrs. Pinney and Irwin, in the preparation of the motion and affidavits to be filed in Judge Adam's court for the purpose of securing the dissolution of his sweeping injunction. These formal papers, which will carefully be prepared, will not be ready for presentation for several days. Until then, it is believed, there will be no change in the situation.

## Strike Without Further Notice.

What course will be pursued should the injunction be dissolved, is as yet undecided, but it is generally conceded by those in authority that a strike will be declared without further communication with the Wabash officials.

A communication was received from the leaders of the various organizations of the teamsters and freight handlers at Chicago during the day by Fred Englehart, secretary of the Order of Locomotive Firemen, stating that 10,000 men in that department were ready to join forces with the teamsters and firemen in case of a strike.

President Ramsey claims to be able to fill the positions of the firemen and teamsters in a few days should a strike result from the present trouble, but acknowledged that the matter of filling the conductors and engineers' places should they finally decide to go out, would be a matter of no little difficulty.

## CANADIAN PACIFIC STRIKE.

Various Branches of the Company Affected by the Trouble.

Vancouver, B. C., March 6.—Several phases of the strike of the United Brotherhood of Railway Employees against the Canadian Pacific Railway developed during the day. Seventy-five men at Nelson, on the Kootenai division of the Canadian Pacific, went out. The two transfer barges which convey freight from Vancouver to Ladysmith, and the tug Czar, which tows the barges, are tied up, the fire-

men, sailors and freight handlers having all gone out. Members of the team drivers' union refuse to haul either freight or baggage which arrives to the Canadian Pacific railroad depot, or freight sheds or any other place where it might be handled by nonunion men. The members of the steamboat men's unions refuse to handle freight, but handle mails and baggage.

## CAUSE OF MEXICAN RIOT.

Sanitary Agents Carelessly Burned Down Houses.

Mazatlan, Mex., March 6.—The cause of the riot at Villa Union, where a mob sought to kill the sanitary inspectors, has been investigated. Two cases of plague having been registered at Villa Union, the authorities burned the houses. This was done carelessly and twelve more houses caught fire and were destroyed, whereupon the people, headed by the owners of other houses, came shouting "Death to the sanitary agents" and began to throw stones at the agents.

Dr. Butrons' man servant was found on the street and brutally beaten because he refused to tell where the doctor was. A merchant, Luis Gansules, who intervened in favor of the servant, also was beaten.

Late at night the perfect of police, with a detachment of rurales, restored order. The rioters numbered about 250.

## WONDERFULLY EFFECTIVE.

New Cholera Infantum Serum Tried on Animals.

Baltimore, March 6.—The recently discovered cholera infantum serum has been injected into animals at the Wilson sanitarium here and has been found to be wonderfully efficient. The effect of the serum, however, has not yet been tried upon human beings. The discovery that cholera infantum was due to the existence of a germ was first learned through the researches of army surgeons in the Philippines.

Snow and colder.

VERMONT has decided to license the liquor traffic after an endeavor covering a period of fifty years to suppress it.

The Virginia senate has passed a bill forbidding Christian Scientists practicing healing the sick in that state and charging therefor, unless they have been duly examined and licensed by the state board of medical examiners, one of the strong points of argument used being that lawyers might finally claim to be able to win suits by prayer if the thing was not stopped.

## JUST BACKED RIGHT IN

Team Belonging to Chas. Krech Does Some Damage at the Chas. Swanson Saloon Yesterday.

The team of horses which Charles Krech drives to this city hauling wood is not at all particular what it does when it goes "hopping", as evidenced yesterday afternoon when in front of Chas. Swanson's saloon on Laurel street. The team just started backing up, the hind end of the sleigh pointed directly for Charlie's \$100 plate glass front. They did not stop backing either until the window was smashed to smithereens, and the crash could have been heard at Crow Wing.

The two Charlie's each had a smile after it was all over, for the glass was insured in one of T. C. Blewitt's companies for its full value. Charlie Swanson says that some of his glass goods are not insured but luckily this plate glass was.

A fine line of spring hats can be seen at Linnemann & Carlson's.

Wheat—Cables were not inclined to follow our break in market yesterday. After the early pressure let up prices began to harden and there was quite a demand from shorts and from those inclined to get their wheat back and prices closed about 1 higher than yesterday.

Corn—Opened steady and ruled strong during the first hour at about unchanged prices from yesterday's close. Offerings were readily absorbed and the provision crowd were again active buyers and the price of corn advanced easily and closed at not far from the high point that it has reached.

Oats ruled easy and somewhat lower early, but changed with wheat and corn and closed about 1 cent higher than yesterday.

## EASILY DECIDED.

This Question Should be Answered Easily by Brainerd People.

Which is wiser—to have confidence in the opinions of your fellow citizens and people you know, or depend upon statements made by utter strangers, residing in far-away places? Read the following:

Mr. F. J. Hagadorn, of 123, Ninth street north, says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills."

"When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried, and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give the minutest details and substantiate the above statement in a personal interview."

Sold for 50 cents a box, at H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

One of the Largest Classes Ever

Initiated in Brainerd Lodge,

B. P. O. E.

SOCIAL SESSION A SUCCESS.

An Excellent Program of Music

And Addresses, Followed by

a Banquet.

The Elks session yesterday afternoon and evening was the biggest thing in Elksdom for some time in this city, and the two hundred or more who turned out last night enjoyed every minute of it, the first part, the obligation, the social session and the banquet which followed, and there were some things which were certainly novel and new even to the old members of the order, in the first part. Those who did not come in contact with some of the "good" things were not able to enjoy the sensations which resulted, the pangs and thrills, the juggling and jostlings, but it was certainly a case of being very much amused over the misfortunes of others. There were those among the novices who did not have to take this first degree on account of there being too large a class, but they realized full well what it meant to give a man his "satisfy."

There were just twenty-five who took the obligation last night and it is said that it was one of the strongest classes since the order was organized in this city. After the work of the evening Exalted Ruler Sanborn called Mayor A. J. Halsted to the chair and he acted as chairman during the social session. The mayor stated that it was one of the principles of the B. P. O. E. members to always respond when called upon to entertain and every Elk is supposed to be able to do some thing in this line. The first called upon was Bro. S. F. Alderman, who rendered two songs, in his ever excellent style, eliciting applause which was long and loud.

Bro. W. A. Fleming was the first to be called upon to make a few remarks. He spoke for the good of the order, calling the attention of the new members to the fact that there was more to Elksdom than the mere first part and admonishing all not to make this the ground work of the order. In his opinion, if the fundamental principles of Elksdom are lived up to, there can be no mistake about the man. He considers the order one of the greatest and gloried in the fact that he was affiliated with the order more every time he attended a meeting.

Bro. W. Solomen rendered two very excellent trombone solos, in a style that was peculiarly pleasing. After the first number he was given a hearty encore.

Then followed brief remarks by Bros. Howe, Frater, Moshier, after which Bro. A. L. Mattes rendered two very entertaining solos in his inimitable and versatile style. He was greeted with loud applause. Bro. Deschon, of Aitkin, proved himself quite an artist on the piano and gave one or two excellent selections.

One of the very pleasing bits of entertainment was the rendition of the famous Norwegian dialect address nominating Knute Nelson for president by Bro. Skelman.

After the social session the members repaired to the banquet room and the time was made merry here for an hour or two. It was an evening long to be remembered by members of the order in this city.

The following are the names of those who composed the class of fawns last night: G. M. M. Laing, Alex Matterson, Sam Butteress, Jas. Cullen, R. R. Guthrie, John Thompson, F. J. Sykora, Louis Roth, J. C. Atherton, J. C. Hessel, J. R. Smith, Ed McClary, C. W. Koering, Robert Roth, G. W. Moshier, F. E. Petz, Thos. Crawley, Col. C. D. Johnson and F. S. Parker, of Brainerd; B. B. Tisdale, Backus; C. ## JUDGE McCLENAHAN MODIFIES ORDER.

Stay of Execution is Fourteen Days Now Instead of Forty Days First Order.

GOV. VAN SANT GETS IN GAME, Issuing a Respite for O. G. Olson For Fourteen Days from Yesterday.

There seems to be a great mixup over the proceedings in connection with the case of Ole G. Olson, who was to have been hung this morning at Aitkin for the murder of his daughter, Josephena, last October, the principal question to be determined between Governor S. R. Van Sant, Attorney General Douglas and Judge McClenahan of this city, being one of jurisdiction.

Governor Van Sant has taken a hand in the matter and yesterday afternoon issued a respite in the case for two weeks, and now the question arises what becomes of the order of Judge McClenahan granting a stay of forty days.

It seems that the whole matter has been in a haze since Attorney Hall, of Aitkin, took up the question of securing a stay of execution. He first communicated with Attorney General Douglas at St. Paul on Wednesday afternoon, and this gentleman is said to have been in conversation with the governor. The matter was a stickler it seems even for the attorney general and no one seemed to know exactly what could be done in such cases, and who had jurisdiction. When Attorney Hall appeared before Judge McClenahan yesterday he stated that he had secured the opinion of the attorney general in the matter and that gentleman had said that it was up to the trial judge. Judge McClenahan was in doubt about his jurisdiction in the matter and spent all of yesterday morning looking the question up.

Of course at this end of the line it was a serious matter and no mistake could be made. The court was in a rather peculiar position, and he did the only thing that he could do under the circumstances.

Attorney Hall appeared before him with the affidavits, and although the county attorney of Aitkin county was present, not a word of objection was made to them. The affidavits therefore had to be considered. Then there was no one at the hearing to represent the attorney general.

Now it seems that the governor has granted the respite for two weeks after the order was issued by Judge McClenahan granting a stay of forty days. There is a question as to his jurisdiction in the matter, superceding the authority of the pardon board. It seems that the governor must of had something of this kind in his mind as the respite was granted up to the time the pardon board is to meet, in just two weeks.

Judge McClenahan seen this morning, stated that he might modify his order if the haze is cleared away and it is not unlikely that he will rescind the order entirely.

There was great excitement at Aitkin yesterday afternoon when Attorney Hall arrived there with the order granting the stay of execution. Public sentiment in that town is very strong against Olson, and it is stated that even his own son was willing that the law should take its course in the matter. It is said that there were murmurings of the citizens taking the matter in their own hands and bringing the man's life to a close. The governor in making the respite is understood to have instructed the sheriff to not tear down the scaffold, but to leave it remain standing and to be ready for any emergency.

Olson received the news with the demeanor which was first marked his career since he was first incarcerated. He was somewhat disappointed, as he was ready and willing to die. He was shown the scaffold yesterday morning and was told how it worked, and expressed perfect satisfaction with the whole proceedings. Those who have been closest to him aver that he is as sane today as any man in Aitkin county, and there is no doubt in the minds of the authorities but that he was perfectly sane at the time the murder, so cruel and inhuman, was committed last fall.

Later—Judge McClenahan this afternoon modified his order making the stay of execution fourteen days instead of forty to conform with the governor's respite.

## CURBSTONE CHAT

In response to a query put to as many of the leading business men and taxpayers as could be seen today on the matter of the levy for road and bridge purposes, the following short interviews were given to the DISPATCH:

County Treasurer Frater: In regard to the levy for road and bridge purposes, the law of 1902 and prior years should be legalized and collected. That levy was made with no intention of violating any law. The commissioners were not aware of this law, but made the levy because they believed it necessary and in the interests of all of the people of the county.

Dr. J. L. Camp: Although an illegal tax has been collected I have no objection to the money spent in this way for road and bridge purposes. We had to have the money for that purpose anyway. Legalize all the past road and bridge taxes and make the remedy effective in the future.

M. K. Swartz: My taxes under the 2.6 mill levy for road and bridge fund will amount to about \$25. Improvements of the roads in the county means everything to Brainerd and therefore I do not object, but in the future this levy should be according to law.

Alderman F. H. Gruenhagen: No objection should be made at all to the levy made in the past by the county commissioners for road and bridge puposes. The money had to be secured and good roads is the all important question for Brainerd. Adhere to the strict letter of the law after the present assessment, however.

S. F. Alderman: Regarding the tax levy about which there has been so much talk, I would say that there is no person in the city of Brainerd but that has been benefited to a degree equal to the excess in the 2.6 mill. Every time a cent is expended on the roads and bridges of the county Brainerd is benefited.

J. M. Elder: The city of Brainerd in it's entirety should stand some of the expense of maintaining good roads throughout the county. The city always derives more benefit than the county at large by good roads and bridges, and as in all cases you will find that those who have the least taxes to pay are the ones who make the kick.

G. D. LaBar: I am well satisfied to let the matter stand as it has been. The city has received a large benefit from the two bridges built in the city and should in a measure stand a slightly larger portion of the road taxes, especially as the improvement of roads leading to the city are a great benefit.

Con O'Brien: It is my opinion that the 2.6 mill levy for road and bridge puposes should stand. What does it amount to for each individual taxpayer? About 25 cents apiece.

W. H. Mantor: I think it would be a good thing if the county commissioners had the right to make the 2.6 mill levy for road and bridge purposes for several years to come, if the money is judiciously spent. The taxpayers of the city should not think they are making a gift to the county. For all the taxes collected and judiciously expended on roads and bridges every taxpayer in the city derives a benefit. As a purely practical matter, the city of Brainerd needs nothing more than good country roads leading to the city.

County Auditor Mahlum: The measure proposed legalizing the levies of 1902 and prior years is in my judgment a good one. The city has by far been the greatest benefited from this source of taxation. The enactment of the law recommended by the city council will woefully disrupt the county finances and put it back on the register of county order basis, which everyone knows would be an unfortunate thing. What the city of Brainerd wants first, last and all the time is good roads to the city.

## IT WILL SOON BE CAPT. HEFFNER

A Surprise Sprung in National Guard Circles in this City This Morning.

ELECTION CALLED NEXT WEEK

Capt. Nelson, Now in Command, Receives Interesting Letter from Col. VanDuzee.

Quite a surprise was sprung in national guard circles in this city today when the name of J. M. Heffner, of the M. & I. general office in this city was mentioned as the proper man to be placed in command of Company F, Capt. Nelson and Lieut. Wilkins have resigned.

A letter was received from Col. VanDuzee by Capt. Nelson ordering an election to be held on next Tuesday evening for the purpose of filling the vacancy. In the letter the colonel stated that he was very much interested in the Brainerd company and hoped that something would be done to give it new stimulus. It seems that J. M. Heffner, of this city, on recommendation of some of those interested, went down to see the colonel and had a talk with him regarding the company here. Mr. Heffner was a member of the Fourteenth in the Spanish war in the colonel's regiment, and the latter was anxious to have Mr. Heffner take command of this company. In the letter to Capt. Nelson, Col. VanDuzee stated that if Mr. Heffner is elected next Tuesday night to fill the vacancy, the commission will be sent to him at once.

C. A. Albright was elected some time ago, but did not receive his commission from headquarters.

## MUSIC AND DRAMA.

"KERRY GOW."

The great Irish actor, Joseph Murphy, will appear at the Brainerd theatre tomorrow night. Seats for which are now selling at Dunn's.

"Kerry Gow" tells a beautiful love story of "Dan O'Hara," a young Irish blacksmith, and his sweetheart. The main incidents of the play are founded upon actual occurrences in Ireland during 1812, when that country was the very hotbed of rebellion and danger. There is plenty of realism in the play, a blacksmith shop being shown in full blast, and "Dan" makes a real horseshoe. There are beautiful carrier pigeons, whose fluttering about the stage during one of the scenes leads to it a most romantic and rural air.

Winnipeg Free Press, March 3, says:

"Joseph Murphy and his company repeated 'Kerry Gow' at the Winnipeg theatre last night to an audience which in size was limited only by the capacity of the house."

GORDON-SHAY COMPANY.

The Fargo Call March 3, says of the Gordon-Shay Grand Opera Co. which appears at the Brainerd theatre next Monday in "Il Trovatore".

"A large audience greeted the Gordon-Shay Grand Opera Co. last night at the opera house. With the ever acceptable 'Carmen,' the company proved conclusively their ability to present grand opera and to the music lovers it was a treat that will long be remembered.

"Miss Shay, in the title role, Carmen, the Gypsy, who wrecked the life of Don Jose, was admirable in every particular. Her splendid voice and personality carried the audience by storm. Her portrayal of the character was well nigh perfect, and gives her ample opportunity to show the wonderful range and purity of her voice as well as her dramatic ability.

"Joseph Fredericks as Don Jose, distinguished himself. He is the possessor of a rich tenor voice, a pleasing stage presence, and although evidently a young man, has a bright future in store for himself.

"The supporting company and chorus are up to the standard, the orchestra capable and the scenic effects superb.

Word Received From One of the  
Missing Michigan Fishermen.

Milwaukee, Wis., March 6.—An  
Evening Wisconsin special from Me-  
nominee, Mich., says: Word was re-  
ceived in Menominee in the after-  
noon by Mrs. Betson from her son Ole,  
one of the missing fishermen, that he  
was safe on Washington island and  
would come home as soon as possible.  
It is thought that all the fishermen,  
eight in number, are together and all  
may be safe.

The Mountain View Route.

This is what the Northern Pacific  
—Shasta, or Shasta—Northern Pa-  
cific Route—it reads as well back-  
ward as forward—may well be  
called.

The route takes its name from Mt.  
Shasta in northern California. This  
white, snow capped peak, at the foot  
of which the Shasta route winds, is  
14,350 feet high. The mountain is in  
plain view for several hours from the  
train and its distance from the track  
varies from twelve to seventy-five  
miles.

The beautiful scenery of the Sacra-  
mento river at the base of Shasta, is  
connected with this route only.

Castle Crags, Mossbrae Falls and  
the natural twin soda fountains at  
Shasta Springs are scenic gems.

The crossing of the Siskiyou range  
furnishes the par excellence of rail-  
way mountain scenery and observa-  
tion cars are furnished there free of  
charge. Then in succession comes  
Mts. Jefferson, Hood—a beautiful  
mountain—St. Helens, Rainier—14,  
532 feet high—and Adams, all for-  
mer active volcanoes and now covered  
with glaciers.

From Portland a steamboat ride  
trip up the noble Columbia river to  
the Cascades and Dalles enables the  
tourist to see a river, palisades,  
waterfalls and mountains far sur-  
passing anything the Hudson can  
show.

An opportunity is also given to  
visit Tacoma, Seattle, Victoria, Van-  
couver and the Puget Sound region.

Then follow the cascade range and  
the Rockies, and best of all, a stop  
can be made at Yellowstone Park.

This line traverses the finest scenic  
region of the United States—don't  
forget it, and see that your return  
tickets home from California read  
around this way.

The train service between Port-  
land and the Puget Sound country,  
and Duluth, Minneapolis and St.  
Paul via Spokane, Butte and Helena,  
is unsurpassed, including through  
trains daily, one of which is the  
noted "North Coast Limited."

DULUTH MAN PAYS THE PENALTY

**DISPLAYS SUPERB NERVE**

Goes to the Gallows Without Showing

the Least Emotion—Presents Sher-

iff With a Testament and Deputizes

With Flowers—Talks for Half an

Hour About the Crime—Expresses

No Sorrow for His Deed.

Duluth, Minn., March 6.—Charles

E. L. Henderson was hanged at 2

o'clock this morning after one of the

most superb displays of nerve ever

seen in the state of Minnesota. With-

out showing a trace of emotion, the

prisoner was brought into Court Room

No. 1, where he had been tried and

sentenced, and where the gallows were

erected, at 1:25 o'clock.

Henderson first presented Sheriff

W. W. Butchart with a testament and

handed roses to each of the deputies,

thanking each in a few words for the

kindness shown him while under their

care.

"I want about thirty minutes to

talk," said he to the sheriff, who

nodded consent.

Then without a tremor in his voice,

the murderer began his address, re-  
expressed

No Sorrow For His Deed,

and said that it would come out that

the crime was unpremeditated. After

talking for about half an hour he

turned to the sheriff, straightened up

and said: "I am ready."

He held his hands behind him for

the cuffs, and the black cap was ad-  
justed and the trap was sprung.

The crime for which Henderson paid

the death penalty was the murder on

June 21 last of Ida McCormick, his

mistress. He had gained entrance to

her rooms unknown to her and se-  
creted himself in a closet. While

there he overheard Miss McCormick

declare that she loved Henderson no

more and that another had entered

her affections. Suddenly he burst

through the door and with a huge

knife in his hand plunged it into the

woman seventeen times, death ensu-  
ing almost instantly. The crime was

one of the most heinous in the annals

of Northern Minnesota.

**OLE OLSON REPRIEVED.**

Was to Have Been Hanged Same Day

as Henderson.

St. Paul, March 6.—Ole G. Olson, of

Aitkin, Minn., who was to be hanged

this morning between 1 a. m. and sun-  
rise for the murder of his daughter,

was granted a reprieve of two weeks

by Governor Van Sant yesterday af-  
ternoon and the probabilities are now

that he will escape hanging, either by

having his sentence commuted to im-  
prisonment for life or being consigned

to a state insane asylum.

Ole G. Olson killed his eighteen-

year-old daughter the night of Oct. 21,

1902, by stabbing her to death with a

butcher knife. Olson lived on a farm

at Glenn, about ten miles from Aitkin.

He had lived alone for eight years,

but eleven months before the murder

sent to Sweden for his son and daugh-  
ter. She was engaged to marry a

young man and on her refusal to break  
the engagement Olson killed her.

**REALM OF SUSPICION.**

Beyond That Buffalo Authorities Have

Not Ventured in Burdick Case.

Buffalo, N. Y., March 6.—One week

ago Edward L. Burdick, the wealthy

member of aristocratic social orga-  
nizations in Buffalo's exclusive Elm-  
wood district, was murdered in a pe-  
culiarly mysterious manner and the  
authorities have as yet been unable to  
take their investigations beyond the  
realm of suspicion.

Superintendent Bull of the Buffalo  
police stated in the evening that,  
though suspicion might point in a cer-  
tain direction, it was not strong  
enough to base an arrest on.

"When we have gathered evidence  
strong enough to make an arrest we'll  
act," he said, "and when we make the  
arrest we will have the evidence to  
convict."

A number of persons were examined  
by Mr. Coatesworth during the day.  
Mrs. Seth T. Paine of 492 Elmwood  
avenue, whose picture was found in  
Burdick's den, declares in an inter-  
view that she knew nothing about the  
tragedy and that she was at home all  
the night of the murder. This fact  
she said she could prove by her ser-  
vants.

**INDICATES STRANGULATION.**

Lungs of Mrs. Knapp Found to Be

Devoid of Water but Filled In.

Hamilton, March 6.—The remains  
of Hannah Goddard Knapp were  
buried in Greenwood cemetery in the  
afternoon. Charles Goddard and Wil-  
liam Sterrett, relatives of the dead  
woman, were the only attendants at  
the funeral, besides a large corps of re-  
porters.

At the request of Prosecutor Gard,  
Coroner Sharkey held a postmortem  
examination, in the afternoon, to as-  
certain, if possible, whether Mrs.  
Knapp met her death by strangulation  
or drowning. It was found that her  
lungs were not filled with water, but  
had fallen in, which indicates that  
strangulation was the cause of death,  
although no marks were found on the  
throat.

**THE SENTINEL ENTERTAINS.**

Banquets Wisconsin Press Associa-  
tion in Milwaukee.

Milwaukee, March 6.—The Wiscon-  
sin Press association, which is holding  
its jubilee convention in Milwaukee  
this week, was entertained at a ban-  
quet at the Hotel Pfister at night by  
the Milwaukee Sentinel. Covers were  
laid for 400 persons. At the conclu-  
sion of the banquet the editors and  
their wives attended a ball at the Ma-  
sonic temple.

**WILL FIGHT TWENTY ROUNDS.**

Corbett and Jeffries to Meet Before a  
California Club.

Baltimore, March 6.—James J. Cor-  
bett and Billy Delaney, the latter rep-  
resenting James J. Jeffries, met here  
at night and signed articles for a fight  
for the heavyweight championship of  
the world. It was agreed that the  
contest take place in California, in  
July or August, 1903, under the aus-  
pices of the athletic club offering the  
largest purse. The men are to spar  
twenty rounds to a decision; the win-  
ner to receive 75 per cent of the purse,  
the loser to take 25 per cent. Bids  
for the contest are to be opened April  
1, 1903.

The club securing the contest must  
deposit a certified check for the en-  
tire purse ten days before the fight.  
It was also agreed that the contestants  
should deposit certified checks for  
\$2,500 in the hands of some one to be  
decided upon later at the time the of-  
fer of the club offering the largest  
purse is accepted.

There was considerable talk be-  
tween Corbett and Delaney as to the  
sort of bandages which the principals  
should wear during the contest, but  
they finally agreed to use only soft  
tape, which nearly all boxers use.
